Chief Information Officer Group

Chief Information Officer Group

MiICIS 08

Pete Docwra
Chief Operating Officer

Why a Chief Operating Officer Branch ?

- No central point to co ordinate ICT work take on
- No alignment between ICT demand, priorities and resources
- No 'whole of Group' view on ICT demand

Roles and Responsibilities

- Portfolio Management for the Group
- Financial Management Framework
- Contracting and Procurement Framework
- Quality & Business Improvement
- Corporate Communication
- Multinational Relations
- Performance & Risk management
- Secretariat for the CDF and Secretary's Defence ICT Committee

What has changed ?

- **New ICT work take on processes**
 - Faster handling of requests
 - Assigning resources with tasks
 - Removes duplication of requests
- **Greater visibility of ICT demand and capacity**
- **Establishing a 'single' Defence view of ICT Investment**
 - Opex, Capex and NPOC
 - For all parts of Defence
- **ICT workforce planning**
